

Balancer for Multifunctional Plug (30917)

Product Characteristics

- The balancer pulls the multifunctional plug including the cable above head height and keeps your workplace clean and tidy.
- Over the entire rope range, the balancer has a uniform load-bearing capacity that you can set between 2 and 3 kg with a rope length of 1.6 m.
- You can set the retractable rope length so that it is possible to keep the multifunctional plug within reach in different installation situations.
- The balancer consists of a sturdy die-cast aluminium housing, flexible and resilient stainless steel wire rope and is characterized by its precise rope guidance and the spring that is designed for a long service life.
- Can be mounted on ceilings and walls.

Intended Use

The balancer is intended exclusively for pulling a multifunctional plug including the cable up above head height as well as for use indoors; it has a load-bearing capacity of 2 to 3 kg.

Dimensions

Technical Data

Load-bearing capacity (can be set steplessly using the rotary button)	2 – 3 kg
Rope	Stainless steel, \varnothing 2 mm
Rope length (can be set shorter)	1.6 m
Fastening holes	\varnothing 8 mm
Weight	0.790 kg approx.
Housing	Die-cast aluminium
Item number	30917
